Would you like to make RM 100,000 by just solving problems? Do you eat and breathe codes? Do you encrypt/decrypt the access to even your toilets? Then you're the person for this Zipit Chat Hack Challenge.

Your mission, should you choose to accept it, is to break a set of 3 different codes that have been encrypted using military grade AES256 encryption, and submit your answers via email to hackchallenge@yahoo.com. The person who gets all the answers correctly stands to walk home with RM 100k in cash.

Code 1
